tee time, tiger

GOLF IS A SPORT THRUST INTO THE NATIONAL LIMELIGHT.
NOT TO BE OUTDONE BY RECENT EVENTS, OUR TIGRESS
TAKES TO THE LINKS FOR A ROUSING EIGHTEEN HOLES.
IT'S TEE TIME FOR GINNY.

It's Saturday morning and I have a golf date with my photographer. We're here early before the guys hit the links. I suggested the shoot because I'm an avid golfer and it keeps me in great shape. Can't you tell. My dad took me out to the driving range when I was six and I fell in love with the game. I played in high school and college and even went on the ladies' PGA tour for a year. However, modeling took over my time and I love it, too.

In college, I was playing at the local country club with a friend and I bet him that I could beat him. He did not know how good a golfer I was. We made a bet that the loser would buy rounds at the 19th hole. Well, I did beat him, by three strokes. After he bought me drinks, I told him I dropped my favorite tee at the 18th. We went out to look for it, but ended up finding my hole instead. We made it right there on the 18th green!

A woman with long dark hair is leaning against the open driver's side door of a white car. She is wearing a light-colored bikini top and white shorts. A black golf bag is propped up against the front of the car. The background is a bright, overexposed outdoor area.

Calling all you golfers out there. Let's tee it up and hit a few. Maybe you can buy me a drink at the club. Or maybe I can clean your balls. Call me now if you're over eighteen. That's one year for every hole.

I started my blogging a couple years ago and have developed a loyal following; mostly men, but I get a few ladies too. I mostly talk about my sexual escapades and that seems to hold my audience's attention. I also like to talk about how each lover makes me feel. The good, the bad, the ugly, it's all there for everyone to read. I get many emails encouraging me to keep blogging because people feel the same things

A woman with long, dark, wavy hair is shown from the chest up. She is wearing a red, off-the-shoulder, ruffled dress. Her head is tilted back, and she is looking upwards with a neutral to slightly smiling expression. In the background, there is a soft-focus image of a lit red candle on a surface, with some blurred foliage or leaves visible.

Blogging is my passion. I let loose with my most innermost secrets. I spare no detail and sometimes it sounds pretty hot even to me. If you want to hear more and make a connection with me, just give me a call. I'd love to share some of my most intimate secrets with you. But you must be over eighteen.

HEY, COWGIRL

When the editor and photographer asked me what my favorite fantasy was, I told them I always dreamed of being a cowgirl. But that I was afraid of horses. Well, they promised me we could do a western shoot without horses as long as I rode a dildo. I said, "Bring it on city-slickers."

WE ASKED JENNY WHAT HER FANTASY WAS AND SHE SAID COWGIRL. OHAY, SO LETS PRETEND.

During the shoot I fantasized about being with a rugged cowboy. We began by riding on the range, herding them cattle. Later, after he put his horse in the corral, I drew us a nice warm bath and we settled in for some lathering. I got to wash him down and he did the same to me. After the bath, I dusted him with powder and stared to lick his dick. He spread my pussy lips and plunged a large raw finger deep inside it.

“I GOT RIGHT INTO COSTUME. WE TOOK A BATH AND HAD GOT HER RIGHT BACK OUT OF IT.”

A woman with short, curly brown hair is dancing with a man in a tuxedo. She is wearing a sequined, off-the-shoulder dress. The man is wearing a dark tuxedo with a white shirt and a dark tie. They are both smiling and looking at each other. The background is a bright, possibly outdoor, setting with some trees and a building in the distance.

I got on all fours and he mounted me from behind. I grabbed his long hard cock and eased it into my hole. I pushed back on him and began to buck like his favorite bronco. He grabbed my hair like the reins and rode me for an hour. I bucked and threw him off. Climbing on top of him, I jammed my pussy into his face and went down on his cock with my mouth.

I sucked on his cock as he sucked on my pussy. He then pushes me off and jumps up waving his cock like his ten gallon, and sticks it into me. On my back I can see his wild face and feel him ramming that cock in and out of me until I explode like hot coals on a roaring fire.

Confessions of a Hot Older Woman

Older women? What about wiser, wilder, wanton women? Because I'm quite prepared to admit that I have every intention of becoming a dirty old woman. Of course I use the word "dirty" rather loosely. I suppose what I really mean is that I expect to still be interested in all things sexual (and especially all things kinky) right to the bitter end! I've certainly become more passionate with age and more interested in experimentation. Don't get me wrong - I've always been highly sexed but it's only in recent years that I've developed the poise, the self-assurance, to be comfortable with my downright horniness! And while I still enjoy "vanilla sex" I enjoy even more exploring my naturally kinky nature and if it's with a man who's younger than me (sometimes CONSIDERABLY younger than me) then so much the better. These days I find myself indulging in all kinds of sexual fantasies in all kinds of places.

Call Now. 800-735-4058

The young man at the grocery store, the businessman having lunch in the local bistro - all are likely to be disconcerted by my appraising glance! Since we all know - or SHOULD know - that the most sensitive erogenous zone is between our ears, then it makes sense that it's a woman's aura, her vibe, that arouses a man's interest. An older woman is more likely to give off an air of confidence, an air of knowing just what she wants and how to get it. Such a woman knows her body well and knows how to extract every last drop of pleasure from it. She's comfortable in her own skin and doesn't waste fretting about minor imperfections the way she might have done in her twenties. By the time she's in her forties a woman knows what's important. She knows the value of taking her time, knows that where there's one orgasm, there's also another and another. An older woman is experienced in the ways of pleasing a man and, more importantly, in how to please herself. She's not looking for a man's approval - she already knows who and what she is and what she demands from life. You won't need to spend your time trying to guess what the older woman wants from you - she'll let you know!

A word about "head games" and yes, there's a world of difference between a mind fuck and a head game. The kind of head game an older woman plays is more likely to be a way of enhancing her enjoyment - and her partner's - rather than to bolster a fragile ego as is often the case with a younger woman. Oh, and you won't find an older woman asking "What are you thinking?" because, quite frankly, she doesn't much care.

If you want your world to be rocked, rather than just a little shaken, then seek out the older woman - she'll rock your world in ways a younger woman hasn't even thought of yet!

Letters From Our Readers

Comments on the magazine, the sexy ladies, and their thoughts on sex.

Dear Editors,

I have to write to tell you what a great cover shot for your last issue of Nasty Housewives. Those two ladies are just HOT. But I'm a little disappointed that I cannot find or even see stuff like that walking around my neighborhood. Where are they hiding?

The brunette is my fave but the little blondie is super cute too. They make a nice pairing and I would fuck either one at the drop of a hat. Or at least if they would let me watch, that would be fine too. What would be even better is if I could watch, give them directions and then join in at the end after I was done stroking myself and getting ready to join them. Do you think ladies like that would let me watch or even join in?

I would start them out slowly, undressing each other from behind with the one being undressed facing me. After they were down to their lingerie, I would tell them to keep it on for a while and just pull out the boobs and nipples so they could be kissed. When they got to the bed, I would pull up my chair to the foot of it,

put my legs up and tell them to start kissing each other kneeling and then turn to face me and the one behind would caress the other's body so I could watch their expressions.

Then I would make them 69 each other right in front of me starting with the blonde on top and then turn them over ending with the hot brunette on top. I would join them after about twenty minutes and let them lick and suck my dick. Ultimately I would cum on both of them and then they would buy me dinner.

Lester, Trenton, NJ

Dear Lester, while we appreciate your interest in Jen and Kia, the two cover models, we think your involvement in their sex life is highly unlikely. Not because they don't like men, it's because they don't like taking directions. – Ed.

WHERE DOES IT HURT?

I was playing touch football last month and took a hard fall after this big bruiser thought we were playing tackle. He landed on top of me and man did it hurt. Two days after the game and no relief from the pain I went to my doctor. After giving me a prescription for a pain reducer, he told me to get an ultrasound the next morning to see if there were any internal injuries. I arrived at 10:00 am, my scheduled time, and was immediately ushered into a small sterile waiting room with a examination bed, some funny looking medical instruments, and drawings of human body parts on the wall.

After a few minutes, the nurse showed up, took my blood pressure, asked some silly questions that had nothing to do with my injury and told me to take off my shirt and pants and get on the smock,

backwards. I obeyed after she left and sat on the bed awaiting the next intruder. What seemed to be an eternity later, a gorgeous black-haired woman walks in and asks if I and Barry. I said yes and she asked me where it hurts. I stammered to get words out of my mouth as I was checking her out with her bleached white lab coat and perfectly manicured fingers. She scribbled down what I mumbled about my groin hurting from the tackle and smiled as I told the story. I kinda laughed too and felt a little better.

She turned around and shut the door of the little room. At the wall switch she turned off the ceiling lights and turned on the ultrasound machine. Now the only light in the room was from that machine and the weird reflection off her white lab coat. She asked me to lift up my smock as she prepped the gel. She saw I still had my boxers on and asked me to pull them down a little so they would not get gel on them.

She flipped a few switches on the machine, sat down next to me, held up a bottle of cream squirted a line of cream down my belly. She put the wand into the gel on my belly and began moving it around. She moved it around, pushing and prodding, then took a picture of the spot she stopped at. She had to lean over me to do her thing, her lab coat opened and I could see some monstrous cleavage under it. Her elbow kept brushing my boxers and I stared to feel my cock growing. I coughed to make her get off for a moment, adjusted myself and settled back down. That didn't help and the damn thing kept growing. She did not yet seem to notice and continued with the wand and taking her pictures. Then she grabbed my boxer waistband and pulled them down a bit and as she did, her hand bumped the head of my now-hard cock. I lifted my legs at the knee and she said

don't worry and moved her wand higher up my stomach. In the dark, I blushed, adjusted my boxers again, but she just kept on with her work.

She asked then asked me to raise both of my arms, which I did, and she moved the wand higher up onto my chest. Her lab coat and her breasts pushed into my gelled belly. She slid the wand down the middle of my chest back down to my boxer top. The machine was making all kinds of weird beeps and she reached over to turn some knobs. My hard-on was now ready to pop through the slit in my boxers. I couldn't even think of anything to reduce it's swelling.

She said that she didn't find any problems with my belly and said she would have to do a more through pelvic exploration to see if the pain was there. I watched her heavy breasts swaying against her bra as my dick was pounding against my boxers. I knew I was about to be very embarrassed. As she sat down next to me I closed my eyes when she grabbed my waistband and pulled my boxers down, lifting them over my rock hard penis.

Then, I couldn't believe it, she pulled my boxers down to my ankles and grabbed my cock! She said something I did not quite hear and pulled my up cock so she

examination table. She reached back and undid her bra and leaned over the table and laid her breasts on either side of my cock as she sucked me ever so lusciously. My cum spurt was building up inside my cock and she felt it. Suddenly, she grabbed my balls and pulled hard on them. I squealed and she told me to slow it down.

She turned her ass to me and asked if I would help her with the zipper on her skirt, which I immediately obliged. She grabbed the waistband and wriggled out of her skirt and pulled her panties down a second later. As she bent over to pick them up, I thrust my face between her ass cheeks, and my tongue sent her flying. Her juices ran down her pussy as I stroked her hardening clit. She began to shudder with an orgasm building up in her. I sucked until her ass began to rotate and her moans turned into words. Asking if I wanted to fuck her, I nodded and pulled her hips onto the exam table. Then she pushed her pussy straight onto my cock. She fell forward on the table, rubbing her nipples and fingering her clit as my cock moved with more and more force inside her. She reached back between my legs, grabbed my balls and pulled me into her. As I came, she pulled herself off and my cum mixed in with the gel on my belly.

Wiping the tip of my cock, she put me back into her pussy, grabbed the ultrasound wand and put it to her pubes. She pushed a button and took a picture. She got off me, grabbed the printout that just came out of the machine and put it in my medical folder. She told me to get dressed and asked if I need my parking validated. I said no, got dressed and left feeling a whole lot better. No more pain!

She stopped at the boxer top and noticed she had the gel on the coat. She went over to the sink, took it off and tried to spot out the blue gel. By now my eyes had adjusted more to the low light and I could make out her voluptuous form a few feet away on the other side of the room. She came back and as she started again, noticed the gel had gone through to her blouse. Again, back to the sink, took her blouse off and rinsed it, too. I could see her huge breasts were nearly bursting out of her bra. Now dressed in only her bra and skirt, she starts to apologize as she gets back to wanding me.

could add some gel. However, I noticed this gel was not the ultrasound gel, and she rubbed it on my cock, not my groin. She moved her hand up and down my cock, massaging in the warm gel and making me moan and groan. She stopped for a moment and I waited, my eyes closed, and then I felt her soft lips engulf my penis.

Her hand reached up and slid through the blue lube on my abdomen, rippling over my stomach as she moved her mouth up and down my cock. She slid her hand up to my chest then back down to weak my nipples. I arched my back, digging into the

Stranded on a deserted island with nothing.

Thankfully the important stuff was rescued from the waves. There's a fishnet to catch fish. A bench to use for a table. Toiletries of rose water and perfumes. And most important of all, their lipstick, lingerie and dildos. Now our two island-bound lassies can survive but how long will it take for them to be rescued? What will they do in the meantime? How will they pass the time?

What will they have to eat? What will they do without their usual manies and pedies.

Let's turn the pages and see...

Yo, ladies, there's a big ship on the horizon.

Look up. There's a big ship with smoke belching out of the smokestack. Get up and signal them. Use your bras, your panties, your stockings, your make-up mirrors. Use anything you can to signal the big ship before it steams away forever, 'cause we don't see the ladies stirring. Maybe they don't want to be rescued. Maybe they want to stay on the island. Maybe they like the constant sunshine and blue ocean. Maybe this is the paradise they have fallen into. Maybe they have a better rescue plan. Maybe they know something we don't.

I just love men with big, thick cocks. And the bigger, the better. Some ladies think that too big hurts when you fuck, but I love the long schlong and just cannot get enough of it. I've mastered giving head with my mouth and hands so that the guy feels like it's all in. Men love that!

My hottest sex was the first time I had a man with a big cock. His name was Marty. We were in my kitchen and he started by kissing me deeply, shoving his tongue as deep into my mouth as he could. Little did I know that was just the start of bigger things to cum. I moaned with pleasure as his hands moved down and tore my blouse open and began fondling my breasts, kissing each one and then kissing me some more. Then, he pulled my skirt and panties off in one swift motion and before I knew

it he laid me back on the table, pulled out his huge cock and pushed it inside of me. I shouted out loud with pain and then pleasure and after few deft strokes he got into a rhythm that filled me with ecstasy and I came within five minutes. He pumped furiously a few more times and as I sensed he was about to cum, I pulled his cock out of me and was amazed at its size. My hand did not go all the way around it. I pushed him back, stood up and looked down at it. After a moment I looked at him and was about to say something when he blurted out that if he let me see it before we fucked that I wouldn't do it with him. I chuckled at him and said it was all right. I enjoyed it. Wasn't it obvious, I came immediately.

Now that his secret was out, and he hadn't cum, I got on my knees and started to give him a blow job. The cock's head was just enormous. It was the size of a tennis ball but purple with an inch long slit in it. The shaft was long and thick. Like one of those English cucumbers but fatter and not green. Blood vessels were bulging and it looked like a Medieval battering ram. Undaunted, I took it in both hands and began licking it all around. The taste of my pussy juices was replaced with liquid from my mouth and I grabbed

the shaft with both hands, pulling and pushing it as I sucked on the head. I slid my tongue into the slit and wiggled it around tickling him. I moved down the shaft to his balls. I noticed that they were normal size and I tasted them. As I looked up, that huge penis extended to his navel! As I slipped a hand up to its tip, my arm was just a little longer than his cock. My eyes opened wide with amazement as I licked up the shaft and back onto the tip of his cock. I got the head and a couple inches in and managed to get him off. Marty has ruined me for all normal size cocked men. I've become a size-freak - and love it!!! *Call me and tell me how big you are. I'd love to tell you what I'd do to you.* **800-220-4277** Over 18 only.

Older Women Fantasies

800-730-3209

Older women? What about wiser, wilder, wanton women? Because I'm quite prepared to admit that I have every intention of becoming a dirty old woman. Of course I use the word "dirty" rather loosely. I suppose what I really mean is that I expect to still be interested in all things sexual (and especially all things kinky) right to the bitter end! I've certainly become more passionate with age and more interested in experimentation. Don't get me wrong - I've always been highly sexed but it's only in recent years that I've developed the poise, the self-assurance, to be comfortable with my downright horniness! And while I still enjoy "vanilla sex" I enjoy even more exploring my naturally kinky nature and if it's with a man who's younger than me (sometimes CONSIDERABLY younger than me) then so much the better. These days I find myself indulging in all kinds of sexual fantasies in all kinds of places.

Call Now. 800-730-3209

The young man at the grocery store, the businessman having lunch in the local bistro - all are likely to be disconcerted by my appraising glance! Since we all know - or SHOULD know - that the most sensitive erogenous zone is between our ears, then it makes sense that it's a woman's aura, her vibe, that arouses a man's interest. An older woman is more likely to give off an air of confidence, an air of knowing just what she wants and how to get it. Such a woman knows her body well and knows how to extract every last drop of pleasure from it. She's comfortable in her own skin and doesn't waste fretting about minor imperfections the way she might have done in her twenties. By the time she's in her forties a woman knows what's important. She knows the value of taking her time, knows that where there's one orgasm, there's also another and another. An older woman is experienced in the ways of pleasing a man and, more importantly, in how to please herself. She's not looking for a man's approval - she already knows who and what she is and what she demands from life. You won't need to spend your time trying to guess what the older woman wants from you - she'll let you know!

A word about "head games" and yes, there's a world of difference between a mind fuck and a head game. The kind of head game an older woman plays is more likely to be a way of enhancing her enjoyment - and her partner's - rather than to bolster a fragile ego as is often the case with a younger woman. Oh, and you won't find an older woman asking "What are you thinking?" because, quite frankly, she doesn't much care.

If you want your world to be rocked, rather than just a little shaken, then seek out the older woman - she'll rock your world in ways a younger woman hasn't even thought of yet!
